

Action RexCourt®

VINYL SHEET FLOORING

An attractive, cost-effective option
for floors that need to handle a lot.

An economical, durable, easy-to-maintain surface, Action RexCourt® vinyl sheet flooring is a heavy-duty, resilient product that's ideal for applications in elementary school gyms, performing arts venues, food courts, church halls and other multifunction facilities.

ACTION REXCOURT® VINYL FLOORING

Where the going gets tough, lay down a tough, multilayer floor that can handle it.

The RexCourt® system is a highly durable, resilient vinyl sheet flooring product featuring glass fiber reinforcement to accommodate the needs of indoor sport and multifunction facilities.

Designed for durability and great looks, RexCourt is an economical choice for facilities that require shock absorption properties, elasticity and easy maintenance.

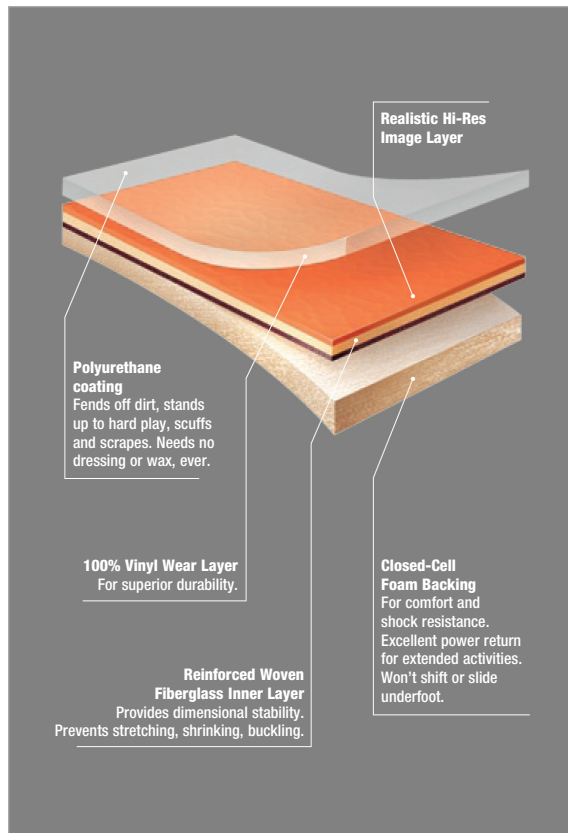

How it stacks up.

RexCourt flooring is delivered as an easy-to-install, multiple-layered system, available in three thicknesses ranging from 4.5 mm to 8 mm.

The polyurethane top coat resists scuffs and scrapes and is virtually maintenance-free, requiring only regular dry mop and occasional wet mop to keep it looking great after a dance, game or luncheon. No need for special cleaners, polishes or waxes.

The highly durable 100% vinyl wear layer accommodates chairs, tables and heavy items for special events, and bounces back without dings or dents.

A reinforced woven glassfiber inner layer provides dimensional stability, while a closed-cell foam backing adds shock and noise absorption.

Promotes good health, too.

As an added benefit to help keep facilities healthy, RexCourt is essentially self-sanitizing. The protective polyurethane top coat features highly effective antimicrobial properties. Lab tests show that 99.8% of bacteria applied to RexCourt's top coat disappear within 24 hours, minimizing germs and odors.

Get the right look.

The RexCourt sheet system is available, in stock, in three wood patterns and 6.5T thickness. To meet the special needs of designers and building owners, more than ten other patterns and colors and two additional thicknesses are available on special order.
